happy

Rejoice ye ~~happy~~ spirits above  
Another than the Saviour's Love,  
Is added to your Quire:

Redum'd from earth & great distress,  
The comest rikeness of happiness  
And raise y<sup>r</sup> raptures higher

2  
Detain'd in a long vale of tears  
She suffer'd out her seventy years  
With patient grace endow'd,  
Serv<sup>t</sup> of all for others good,  
And no reward from man receiv'd  
But black Ingratitude

3  
Her delight & joy below  
Requir'd by mercy to forego  
With her last hope to part  
Father, she cried, thy will be done  
And prisd by a beloved Son  
Thi' dagger reach'd her heart
